

Are you certain about what you're injecting?

Be Sure. Be Safe. Be in Compliance.

Safety Labels from Smiths Medical

Available now in regional anesthesia trays. For any solution or mixture. Easy to use.

"Labeling medications and solutions is required by standard MM.4.30. According to standard MM.4.30, at a minimum, all medications are labeled with the (1) drug name, strength, amount (if not apparent from the container)..."

- Joint Commission Perspectives on Patient Safety, October 2005, Volume 5, Issue 10
