Smiths Medical in Waukesha, Wisconsin

Working at Smiths Medical in Waukesha, Wisconsin:

Smiths Medical Patient Monitoring, Inc. was created when Smiths Medical acquired BCI International in 1999 and became the sole distributor of Pneupac Transport Ventilators. Around that same time, Smiths acquired SurgiVet, a manufacturer of veterinary-specific monitoring and anesthesia equipment. This allows us to provide hospitals with the most innovative and user-friendly equipment in the industry. Our people take a lot of pride in that fact, as well as the knowledge that they work as part of such a great team.
