

# Strong Single Use

## Wallace Vaginal Speculum

The single use vaginal speculum from Smiths Medical International offers a real alternative to traditional metal types. Not only does the device provide all the benefits of avoiding cross infection<sup>18</sup> but it has also been designed to withstand 5kg of load applied to the beak tips.<sup>19</sup> The Wallace disposable speculum provides strength without risk.

- Lock security: withstands 5kg of load applied at the beak tips
- Product strength: withstands up to 19kg at grip tips
- Good visualisation of the cervix
- Patented locking design
- Easy to use and handle
- Anti-pinch gaps
- Smooth beak
- Designed for patient comfort
- Multiple locking positions
- Easy to engage and disengage
- Low noise action
